

Integration Workgroup

Co-Chairs:

Danny Epstein, Environment Canada

Gary Gulezian, U.S. EPA

Challenge and Progress

- **The Integration Workgroup suggests strategic pathways forward for the GLBTS and works to ensure that the Strategy remains focused on achieving reductions on toxics substances.**
- **The Integration Workgroup meets quarterly in alternating locations in Canada and the US.**

Future Challenges

- **Consider a Process for adding New Level 1 Chemicals to the Binational Toxics Strategy**
- **Long Range Transport Experts Workshop in the Fall of 2003**
- **Developing working synergies with the CEC's Sound Management of Chemicals Working Group**
